**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic as my internet provider because I am able to afford it. Being a single mother I could no longer afford the others that were high priced and poor quality. Sonic made it possible for my children to do homework, research and projects quickly and efficiently. Sonic's bundle pack also gave us a house phone and internet. Sonic has also provide our schools with fiber optic internet which is wonderful to see a company helping all around. More competition like sonic is needed to control the outrageous prices that are out there. It also gives hard working families a chance to offer quality services at home to help the future generations.
